On What Lisbon is

Bridge between Europe,
Africa and America

Biggest electrical mobility
infrastructure

The sunniest capital in
Europe

Quality of life

The biggest university pole
in Portugal

Excellent tourism
destination

On What Lisbon is not

A densely populated city

Dealing with an ageing
population

An example in the use of
private vehicles

A great business centre

A financial market

On What Lisbon wants to be

International hub for world
scale companies

Pole for creativity and
innovation

Incubator for new ideas and
business models

Dynamic city for exhibitions,
events and cultural activities

Pole for excellence in
investigation, R&D

Inclusive city for its
inhabitants

On Lisbon towards a Smart City

- **The challenges:** Economic and financial crisis, citizens distrust, growing social needs, ageing population, sustainability.
- **The opportunities:** ICT, data systematization, citizens participation, social networks, renewable energies technologies in the urban environment.
- **The goal:** Facilitate creativity, providing citizens, small enterprises, start-ups and civil organizations the tools needed to create, to innovate, to enable social innovation, centring the citizen as a co-producer/partner of the City.
- **The pillars of action:** spaces; entrepreneurship and useful tools .
