4th International Conference 2017

porto
25 > 26
september

www.wastes2017.org

SCOPE AND CONTENT

The primary goal of this event is to bring together experts from the Waste Management and Recycling sectors from around the world, offering state of the art knowledge and sharing experiences with all who attend. Discussions regarding the balance between economic, environmental and social outcomes, focused specially on the necessary transition from a linear to a circular economy, its opportunities, challenges and constraints, will be carefully addressed. The 4th edition of the International Conference WASTES: Solutions, Treatments and Opportunities will be a joint organization of CVR - Centre for Waste Valorisation and the Faculty of Engineering of the University of Porto.

Authors are invited to submit their contribution as full or short papers. All full papers accepted will be included in a book published by CRC Press – Taylor & Francis Group, that will be proposed to Scopus and Thomson Reuters for indexing, while the short papers accepted will be included in the Book of Proceedings of the Conference (with ISSN).
